- Paved areas re-conditioned
- Select locker replacement
- Team room improvements

Learning

- Media center
- AC in second-floor classrooms
- New auditorium seating,
sound & lighting systems
- Extension of wireless networking
- Energy-efficient climate controls
- Technology infrastructure

Community Park

- Air handler: gym
- Multi-purpose room roof
- Playground rubber base
- Security equipment upgrade
- Stair tower doors
- Gym floor replacement
- Classroom cabinets, shelving
- Paving
- Extension of technology infrastructure

Johnson Park

- Air handler: gym
- Energy controls on systems
- Exterior door replacement
- Playground rubber base
- Water service upgrade
- Lower lot erosion remediation
- Drainage: Upper lot drainage improvement
- Security equipment upgrade
- Waterproof gym
- Gym floor replacement
- Classroom cabinets, shelving
- Paving
- Extension of technology infrastructure

Littlebrook

- Air handler: gym
- Exterior door replacement
- Playground rubber base
- Security equipment upgrade
- Interior door replacement
- Classroom cabinets, shelving
- Extension of technology infrastructure

Riverside

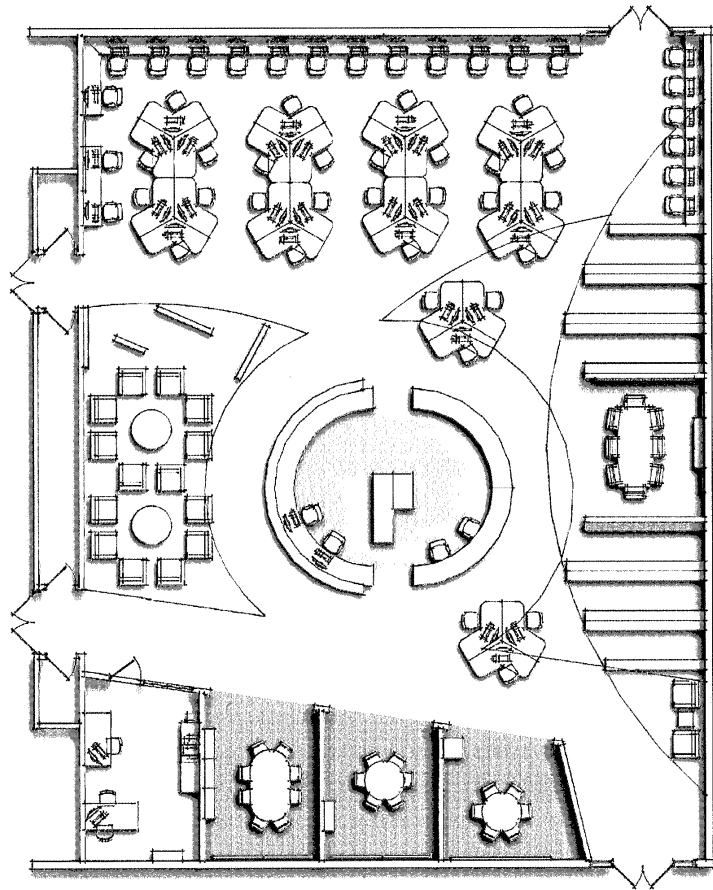

- Air handler: gym
- Exterior door replacement
- Roof/gutter replacement
- Playground rubber base
- Water service upgrade
- Security equipment upgrade
- Gym floor replacement
- Classroom cabinets, shelving
- Extension of technology infrastructure

JW Middle School

- Re-purposing of old gym into media center
- New auditorium seating and sound & lighting systems
- Energy-saving window awnings
- Emergency generator circuit
- Air-conditioning of second-floor classrooms
- Window replacement
- Roofing replacement
- Sensor controlled lighting
- Extension of technology infrastructure
- Paving
- Interior fire-door replacement

Princeton High School
